

2026 Market Data Survey: Farm Stands, CSAs, and Mobile Markets Due by December 31, 2026

The New Mexico Farmers' Marketing Association (NMFMA) appreciates your support in gathering market data for Farm Stands, CSAs, and Mobile Markets. **Market Data is important and mandatory.** It allows us to advocate for farmers and their retail sites at the state legislature, to secure grants that help farmers, as well as to help increase food security and grow New Mexico's local economy. Please answer all questions to the best of your ability.

This survey is for Farm Stands, CSAs, and Mobile Markets. If you manage multiple Farm Stands, CSAs, or Mobile Markets, please submit one form for each. Please note that Farmers' Markets have a different form, which you can find on the NMFMA website. If you manage a Farm Stand, CSA, or Mobile Market in addition to a Farmers' Market, you will need to fill out separate surveys for each.

All the individual responses for your Farm Stand, CSA, or Mobile Market will be kept **confidential**. Any information that is made available publicly will be anonymized and aggregated for all participating Farm Stands, CSAs, and Mobile Markets in the state.

For help in filling out the survey, please review the **2026 Market Data Survey "How-To" Guide for Farm Stands, CSAs, and Mobile Markets** to ensure you have all the necessary information calculated and ready to enter here. The "How-To" Guide and all additional market data information can be found at our website: https://www.newmexicofma.org/market_data.php

Please note that all questions are required, and we ask that you complete this form once your season is over. If you need additional time beyond December 31, please reach out!
